ABOUT THE SCHOOL

The school is situated in the heart of the city adjacent to a lake. The school imparts an education that we believe is transformative and integral. The school has the kutirs on one side for smaller children from nursery to grade II and a building that houses classrooms, laboratories, halls, staff room, music room, dance hall etc. This building is built around trees that are almost 150 years old. The school has a mix of vast open spaces and classrooms.

The classrooms are spacious and well ventilated. The laboratories are well equipped. There are two libraries -a junior and a senior library. The children and staff enjoy these vast spaces of greenery.

VISION

To offer an Integral Education that helps children to realize their full inner Potential, to open to a New Consciousness, and to become agents of Transformation in the world and creators of the Next Future. A new approach, a paradigm shift.

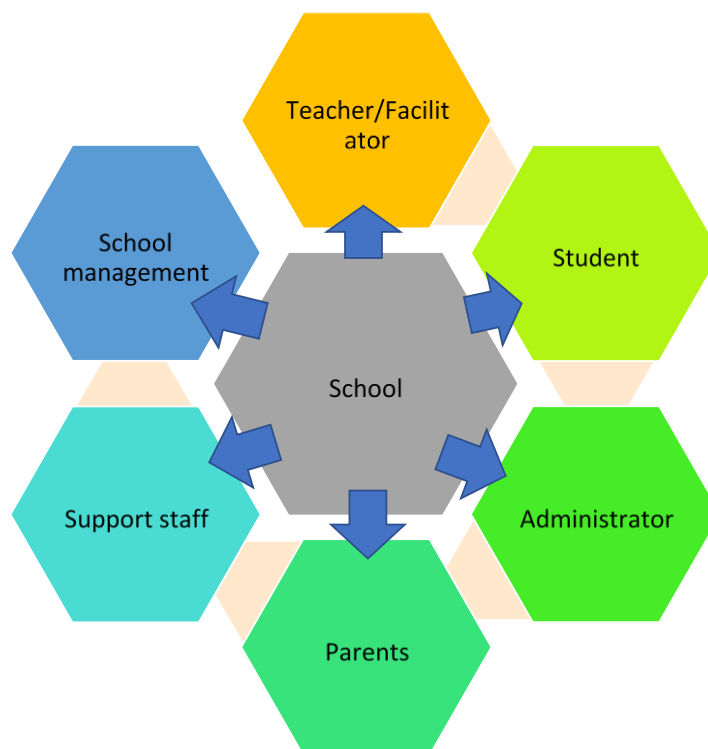

MISSION

To work for a global movement towards Integral Education which

1. Strives for the development of all aspects of a child's personality
 - Physically, a strong, healthy, graceful and beautiful body
 - Emotionally, a sensitive, refined and an energetic personality
 - Mentally a wide, lively, clear, intelligence and will
 - Spiritually, those deeper and subtler qualities which unify and harmonize the whole being.
2. Prepares for a life long journey of progressive evolution and growth. Along with information and skills, its primary focus is on the development of the Qualities and Faculties that make life beautiful and happy.

3. Provides an environment and an opportunity to the Teachers, Parents and members of the society for self-development and greater self-awareness, and encourages them to contribute to the growth of the children with the realization that every child is special and unique and must be helped to progress in freedom, joy and service.
4. Helps the children to come closer to the soul of India, to become aware of their great heritage and to work for an even greater future.
5. Fosters in each child the attributes and values of a responsible, capable, active and healthy member of the family, the society, the nation, and humanity.

(School Website)

CULTURE OF THE SCHOOL

AMIS focuses on an experiential and holistic development. Each child is considered unique and appreciate this uniqueness. The school has adopted a buddy system where children pair and share. The school provides opportunity to every child in all activities.

Other than academics, the school also promotes co-curricular activities like gymnastics, art and craft, theatre, yoga, dance, music, pottery sessions and other avenues to make learning a joyful experience.

The following are practiced by our school children

1. Buddy system
2. Busy Bees where the children of each class become busy cleaning their class rooms.

3. Birthdays are celebrated by distributing dry fruits and nuts or fruits (Chocolates are a No No)

4. Our school is a "No plastic" zone.

5. There are no dustbins in the class rooms and those who generate garbage will take the responsibility of disposing them too.

Importance of Silence

We begin our class with a silence. Our morning assembly too begins with silence, with "The Mother's" music being played. This practice is inculcated into the child as a habit and leads to better their concentration and listening skills.

CLASS X RESULTS

S.No.	Academic Year	Number of students	Pass %
1.	2023-24	34	100
2.	2022-23	19	100
3.	2021-22	08	100

9. Reading programme	-	-

INTEGRAL PROJECTS

An integrated and practical approach to learning is introduced to the student through the project method. This is an interdisciplinary approach that enables an integral understanding of knowledge and the world around us.

ECONOMIC AND ACADEMIC RESOURCES AVAILABLE

Economic resources can be divided into human resources, such as labour and management, and nonhuman resources, such as land, capital goods, financial resources, and technology.

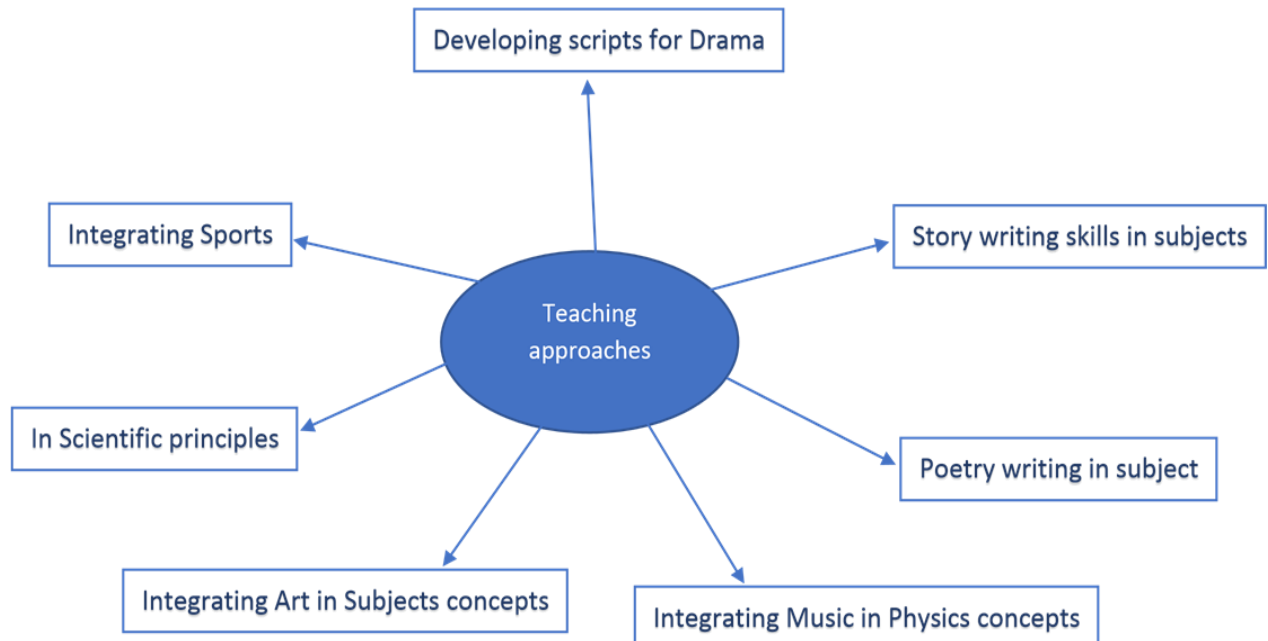

An academic resource plays an important role in enriching the intellect of both the facilitator as well as the learner. There is a plethora of resources available in the school from books (fiction, non-fiction), magazines like teacher plus, which spark the minds with the fuel it needs to practice innovative teaching and learning.

The school also has an Audio-visual room and a multi-purpose hall. There are three well equipped Science laboratories with a Math lab, and a computer lab.

INFRASTRUCTURE DETAILS

SL NO	INFORMATION	DETAILS
1	Total Campus area (In Sq.mtrs)	11.4

5	(i) Girls Toilets - 20	
	(ii) Boys Toilets - 20	
	(iii) Staff rest rooms (male & female) - 05	

INNOVATIVE TEACHING AND LEARNING

At AMIS, the teacher is a facilitator. In the words of Sri Aurobindo on education:

The first principle of Shri Aurobindo of true teaching is that nothing can be taught. The teacher is not an instructor or taskmaster; he is a helper and guide. His business is to suggest and not to impose. He does not actually train the pupil's mind, he only shows him how to perfect his instruments of knowledge and helps and encourages him in the process. He does not impart knowledge to him; he shows him how to acquire knowledge for himself. He does not call forth the knowledge that is within; he only shows him where it lies and how it can be habituated to rise to the surface.

The second principle is the mind of the child has to be consulted for its growth. The third principle of education by Sri Aurobindo is to 'near to far', from which is to that which shall be.

Therefore, the facilitators at AMIS follow a different and innovative approach, a few have been listed below.

VALUES INCULCATED IN SCHOOL

The values that are inculcated in the school are INSPIRED by the teachings of 'The Mother' and Sri Aurobindo's teaching paradigms. They hold deep importance and understanding of concepts like thoughts, actions, feelings and the harmony of being. The relationship between a teacher and a student is more of a facilitator and a learner. The assembly also plays a major role in imparting knowledge and learning where there is news-reading, quiz and interactive sessions that not only help the learners participate but also expose them to an arena of creative thinking.

INTEGRAL EDUCATION TRAINING IN PUDUCHERRY for the staff of AMIS
(May 16th 2023 to May 24th 2023)

INSERVICE TEACHER DEVELOPMENT PROGRAMME AT AMIS

The in-service teacher development programme is held in the month of May for ten days, also on Saturdays for all the teachers. The Pre-primary teachers have the in-service training on Tuesdays or Thursdays. A lot of interactions and Pre- planning happens during the in-service programmes.

TEACHER PRESENTATIONS

The teacher present their best practices subject -wise. The presentations for the Pre-primary teachers happen either on a Tuesday or on a Thursday (Once a month). The teachers of other grades present their best practices on a Saturday (once a month)

TEACHER'S READING PROGRAMME

The Teachers of Auro Mirra International school are involved in reading on every Saturday (School days) At AMIS, children are encouraged to read books through the "DEAR" Programme.

AMIS believes that if you are a good teacher, you should be encouraging your students to read. And if you are encouraging your students to read, then you should also be reading. It's a marvellous cycle.

PARENT WORKSHOP AND ORIENTATION

Parent workshops are held in the month of May for a week followed by an Orientation. **22ND MAY TO 27TH May 2023 (Understanding your child)**

PARENT ENRICHMENT PROGRAMME

Concept oriented PEP sessions are held for parents by teachers. These sessions are held on one Saturday, every month.

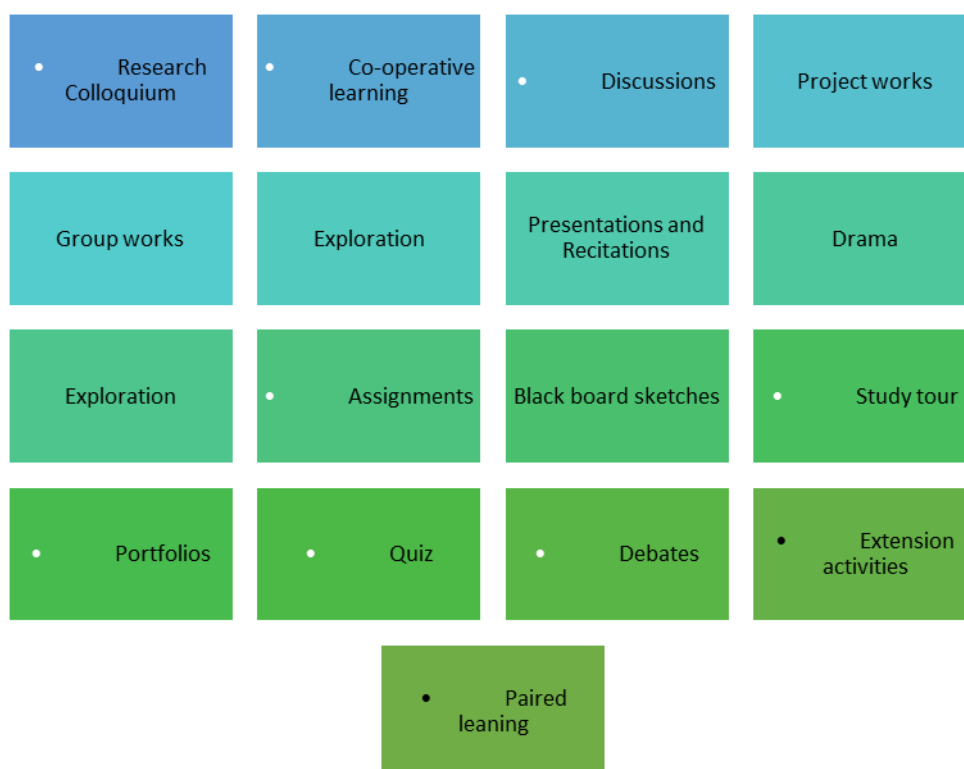

PARENT TEACHER MEETINGS

PTM's at AMIS.

Parent Teacher Meetings play a crucial role in enhancing a child's education. Parent teacher meeting is an effective way for parents and teachers to interact and discuss about the child's progress. Parents on the other hand can play an active role in their child's education and can further encourage and influence their child to do well in school. PTM's are held once a month in AMIS.

CURRICULUM TRANSACTION APPROACH

SAFETY MEASURES IN SCHOOL

The following are the safety measures taken for the students and staff of AMIS

1. 23 CCTV cameras have been installed within the campus.
2. Fire extinguishers have been installed at specific points in the building.
3. First aid box.
4. has also been placed on each floor.
5. A safety committee has been constituted.
6. GPRS, CCTV cameras, fire extinguishers and first aid box has been installed in all our school buses.

The safety committee comprises of the following members.

S.No.	Name of the committee member	Designation
1	Geetha.C	Principal
2	Harini	P.E. Teacher
3	Jyothika	Campus Manager
4	Sheetal	Admission Coordinator
5	Jubailene	Teacher
6	Indumathi	Coordinator

STUDENT ENRICHMENT PROGRAMMES

GARDENING

SUSTAINABILITY CLASSES

Classes on sustainability is held for classes I to VIII ,where the teachers have prepared modules on topics like food,water,Textiles,soil and so on.

MUSIC

DANCE

GYMNASTICS

ART AND CRAFT

YOGA

POTTERY

KNOWLEDGE FEST

FIELD TRIPS AND EXCURSIONS

MEDICAL CHECK UP

POWERS WITHIN GAMES

The children play various games to improve their concentration, eye-hand coordination. They learn to play as a team, and waiting for their chance with patience. The whole school plays these games at the same time.

AURO CENTER OF EXCELLENCE AFTER SCHOOL ACTIVITIES

After school activities are conducted for children who would like to take their passion to the next level. The various activities conducted after school are Gymnastics, art and craft, music, basketball, cricket, judo athletics and fitness, theatre etc.

EVENTS & CELEBRATION

Children participate in various events and celebrations conducted in school. Some of the events are conducted by themselves in school. All children are given equal opportunity to participate in all the events. No child is left behind. Below are the list of events that we conducted for the year 2023-24.

Kindly click on the link below to get a detailed description of each event in our School Newsletter.

Teacher's workshop	Teachers' Day
Parental Workshop	Cyber Week
Orientation day	Krishna Janmashtami
World environment day	Kannada Rajyotsava
International yoga Day	Childrens' Day
