Unleashing Curiosity, Igniting Minds!

A planetarium show was arranged by the school on 13th December as part of an educational activity for Nursery to Grade 10. Children experienced an immersive, full-dome projection where they sat inside a curved theatre and were surrounded by visuals of the night sky, stars, planets, and other celestial phenomena. The feeling of being completely immersed in space, allowed children to virtually travel through the cosmos with detailed narration and stunning visual effects. It was accompanied by high-quality audio to enhance the experience. It was like watching a movie where you feel like you are right there in the midst of the universe.

Tis the Season!

Christmas is celebrated worldwide on December 25th to commemorate the birth of Jesus Christ. It is a time of joy, togetherness and reflection, and brings people closer, promotes acts of kindness, and encourages a sense of community. Christmas remains a cherished festival that continues to evolve and bring happiness to millions around the world. At Auro Mirra International School, we celebrated Christmas on 20/12/2024 by singing carols during lunchtime and spreading love and joy. Children were dressed up as one of their favourite characters based on the Christmas theme.

Christmas carols and songs play a significant role in the celebrations, spreading cheer and joy. From traditional hymns like "Silent Night" to modern classics like "Jingle Bells," music is an integral part of the festive spirit.

A skit was presented based on, "The Christmas Presents" which promoted the act of sharing, caring and helping the needy people, thus conveying the message that we should be grateful for what we have and always be kind and helpful to the needy. The program concluded with Santa Claus distributing emojis to the children, which brought great excitement to them.

Every Champion Was Once a Beginner!

This year, Aurolympics, our annual Sports Day celebration, took place on January 18, 2025, inspired by the theme Panchatatva (the five elements). The event was a vibrant and exhilarating experience, filled with energy and sportsmanship. We were honoured by the presence of our esteemed Director, Dr. Ajit Sabnis, who graced the occasion.

The lively march past set the tone for the day, showcasing discipline and teamwork. Students displayed their athletic prowess in a series of thrilling events, including fun races such as the duck race, frog race, jellyfish race, military race, slow cycling, and more. The relay events and 100-metre sprint heats for the 10th graders kept the audience on the edge of their seats.

Adding to the excitement, mesmerizing drills captivated spectators as students demonstrated coordination and discipline using various props. A special yoga demonstration highlighted the significance of balance and harmony, beautifully aligning with the Panchatatva theme.

Parents and teachers enthusiastically cheered for the participants, contributing to the electric atmosphere. The day was filled with energy, enthusiasm and true sportsmanship, making it a memorable experience for all.

Patriotism and Progress: Republic Day Celebrations

The unfurling of the flag was done by our Principal Geetha didi to celebrate the 76th Republic Day. The Republic Day celebrations were marked by an array of patriotic events, showcasing the spirit of nationalism and unity amongst them. The celebration commenced with a song and dance performance. In addition to this, the children showcased their enthusiasm by painting their hands in tricolour for a yoga display. A skit was performed by students that reminded them of the significance of Republic Day. Over all, the event served as a reminder to the importance of upholding the principles of Democracy and Secularism.

From Classroom to Career: Mapping the Professional Journey

A career counselling workshop was organized on 27th January 2025 for students of grade 10 by Mr. Kempula Ganesh Moorthy. He started the workshop by questioning their goals for the future. Mr. Ganesh emphasised on the different paths the students could pursue. He spoke about various career options and the requirements for the same. He made the students aware about the demands required for the progressive market and the efforts required to update themselves and the skills that they have to acquire. It was a rewarding and enriching experience for the students.

Shared Journeys, Diverging Paths: A Fond Goodbye

The Valedictory Ceremony was celebrated on our beautifully decorated campus on Saturday 1st February 2025 for Grade 10 students, which marked the culmination of their academic journey and the beginning of new adventures for them. The event started with silence followed by an invocation dance performed by students of Grade 7. Our Principal, Geetha didi welcomed the gathering and gave a brief introduction about our Director Dr. Ajit Sabnis who reminded the children not to forget the values and morals that they have learnt at AMIS and carry them throughout their life. The chief guest Mr. Prabhakar Kulkarni an ISRO scientist(retd) congratulated the valedictorians and also delivered an inspiring speech. He emphasised the importance of lifelong learning, resilience, and integrity which motivated the students. The school choir Aikyam mesmerized the audience through their melodious song. On behalf of the Grade 10 students, Emily and Pratham Srivatsa shared their experiences and recalled their memorable days at AMIS. They expressed gratitude to the teachers, parents and classmates for their unwavering support and encouragement. Their speech resonated with the audience and brought tears of joy and pride to many eyes.

All the graduating students received the light of knowledge from our Chief guest, Director, Principal and diya. It was a moment that added charm to the atmosphere. The children were given mementos along with citations by their diya. The valedictorians concluded the event by rendering a beautiful song. Parents enjoyed a surprise video projecting the trajectory of children's journey at school at the Wisdom Courtyard, followed by high tea. The students laughed, smiled and cherished their nostalgic journey at Auro Mirra and the trail of memories followed them.

The Soul of Our School – Mother's Birthday

Mother's birthday was celebrated in AMIS with lots of respect and reverence. A special birthday celebration was held in the school on Friday, 21st February 2025. The program started with chanting of Om followed by a Shloka by the Aikyam group. Children of Grade 3 and 5 enlightened us briefly about The Mother's Life and her work. This was followed by storytelling by Grade 7, which was written by The Mother herself when she was 15 years old. The celebration concluded with a devotional song in honour of the Mother. Filled with excitement, the children brought flowers from home to offer as a symbol of their love and devotion.

Imagination Station: A Day of Art and Craft Adventures!

The Pre-Primary Knowledge Fest was held on the 1st of March, 2025, which served as a platform for the display of various art and craft work made by students during the entire academic year. Children enjoyed making craft and using different art techniques. It brings forward enthusiasm among them that drives them to create unique artwork under the careful supervision of teachers. They felt proud and were thrilled to see their work displayed in their class.

Our kindergardeners had an exciting time showcasing their projects on Display Day, which was based on the title Nature's Wonders. They presented their projects through hands-on activities, storytelling, role-play and creative crafts. Our young learners explored the world of honeybees, squirrels, frogs, and crows with great enthusiasm. Their curious minds explored and found answers to: How do bees make honey? Why does a frog leap? How does a squirrel collect food? What does a crow communicate through its cawing?

Creative activities like colouring, painting made learning fun and engaging. It was a joy to see them learn and grow from play and exploration. It not only enhanced their knowledge but also sparked curiosity, caring for natural resources and most importantly, how to be eco-friendly while having fun with art and craft. Parents' appreciation further kindled their joy.

A large, leafy tree stands in a sunlit courtyard. The ground is paved with a checkered pattern of light and dark tiles. Sunlight filters through the leaves, creating a dappled light effect on the floor. A black text box is overlaid on the lower portion of the image, containing a message from the principal.

MESSAGE FROM THE PRINCIPAL

As we conclude another enriching academic year, we reflect on a journey of learning, growth, and meaningful experiences. Let us carry forward the spirit of curiosity and excellence into the year ahead.

We also encourage parents to motivate their children to maintain a journal during the summer, capturing their experiences and reflections. These personal narratives can be shared as articles when they return to school.

Wishing everyone a joyful and rejuvenating break!
